

things to do

- Cape Range National Park - With spectacular rugged limestone ranges, breathtaking canyons and 50km of pristine beaches.
- Fishing - Exmouth and Coral Bay enjoy great fishing all year round. From whiting to game fish such as marlin, sailfish etc. While sanctionary zones are in place there are plenty of locations where land based fishing can be enjoyed.
- Turtles - There are 3 species of turtle that inhabit the Ningaloo region. These are the Hawksbill, Green and Loggerhead turtles. They are regularly seen in the waters in Exmouth and Coral Bay. Their mating/nesting season is between Nov- Mar. Night tours to witness the miracle of nature generally run from Dec - Feb. Please visit the Department of Environment and Conservation or the Exmouth Visitor Centre for guidelines on turtle interaction and availability.
- Whalesharks - Season is generally April - July. They generally arrive just after the coral spawning that occurs after the full moon in March and April. As this is a natural occurrence there are no set dates.
- Yardie Creek Gorge - located approx 91km away from Exmouth is the only gorge in the area that contains water. There is a 1hr cruise that departs daily down the gorge. The walk trail has recently been upgraded along the gorge with lookout points along the way.
- The Vlamingh Head Lighthouse is located 17km north of the Exmouth townsite. The Lighthouse overlooks Lighthouse Bay and has the distinction of being one of the few places in Australia where you can watch the sun rise and set.
